

## Legal Disclaimer

1. All products, product specifications and data are subject to change without notice to improve reliability, function or design or otherwise. While efforts have been made to ensure the information in this document is accurate, complete and current, Goford does not warrant the information is error-free.
2. The data contained in the document is intended for skilled and technically trained staff. It is the responsibility of customer's technical departments to evaluate the suitability of the product for the intended application and completeness of the product information given in this document with respect to such application.
3. Goford makes no warranty of any kind, express or implied, with regards to any information contained in the document, including, but not limited to , the implied warranties of merchantability, fitness for a particular purpose or non-infringement of third party intellectual property rights (and their equivalents under the laws of any jurisdiction)
4. Goford products are not authorized for use as critical components in life support devices or systems and/or automotive, aviation and aerospace applications or systems without the express written approval of Goford.
5. Products described herein may be covered by one or more China, international or foreign patents and pending patent applications. Product names and markings noted herein may also be covered by one or more China, international or foreign trademarks and trademark applications. Goford does not convey any license under any of its intellectual property rights or the rights of any third parties (including third parties whose products and services may be described in this document or on Goford website) under this document.
6. Goford is taking strong measures to protect ourselves and our customers from the proliferation of counterfeit parts. Goford strongly encourages customers to purchase Goford parts from our authorized distributors. Products customers buy either from Goford directly or from Authorized Goford Distributors are genuine parts, have full traceability, meet Goford 's quality standards for handling and storage.
